Master of Science in Engineering and Technology Management
Admittance Requirements

1. Student with a bachelor degree in engineering from Louisiana Tech University and less than 2 years work experience:
   • 2.8+ undergraduate GPA, no GRE required
   • 2.75-2.79 (overall or last 60 hours) undergraduate GPA, GRE V+Q ≥ 293
   • 2.5-2.749 (overall) undergraduate GPA, GRE V+Q ≥ 293
   • 2.5-2.749 (last 60 hours) undergraduate GPA, GRE V+Q ≥ 293: conditional admission - No grade lower than B should be earned in the first two core graduate courses taken

2. Student with a bachelor degree in engineering (from a school other than Louisiana Tech University), science, or engineering technology and less than 2 years work experience:
   • 3.0+ undergraduate GPA, no GRE required
   • 2.75-2.99 (overall or last 60 hours) undergraduate GPA, GRE V+Q ≥ 293
   • 2.5-2.749 (overall) undergraduate GPA, GRE V+Q ≥ 293
   • 2.5-2.749 (last 60 hours) undergraduate GPA, GRE V+Q ≥ 293: conditional admission - No grade lower than B should be earned in the first two core graduate courses taken

3. Student with a bachelor degree in engineering, science, or engineering technology and 2+ years work experience:
   • 3.0+ undergraduate GPA, no GRE required
   • 2.5-2.99 (overall or last 60 hours) undergraduate GPA: conditional admission - No grade lower than B should be earned in the first two core graduate courses taken
   • 2.25-2.49 (overall) undergraduate GPA, leadership role in a technical position: conditional admission - No grade lower than B should be earned in the first two core graduate courses taken

4. Student with bachelor degree in a field other than engineering, science, or engineering technology and less than 2 years work experience:
   • 3.0+ undergraduate GPA, technical work experience, no GRE required
   • 2.75-2.99 (overall or last 60 hours) undergraduate GPA, technical work experience, GRE of V+Q ≥ 293
   • 2.5-2.749 (overall) undergraduate GPA, technical work experience, GRE of V+Q ≥ 293
   • 2.5-2.749 (last 60 hours) undergraduate GPA, technical work experience, GRE of V+Q ≥ 293: conditional admission - No grade lower than B should be earned in the first two core graduate courses taken
5. Student with bachelor degree in a field other than engineering, science, or engineering technology and 2+ years work experience:
   • 3.0+ undergraduate GPA, technical work experience, no GRE required
   • 2.5-2.99 (overall or last 60 hours) undergraduate GPA, technical work experience: conditional admission - No grade lower than B should be earned in the first two core graduate courses taken
   • 2.25-2.49 (overall) undergraduate GPA, leadership role in a technical position: conditional admission - No grade lower than B should be earned in the first two core graduate courses taken
